# **SOUTHWICK NURSERIES**

Deciduous and Evergreen  
Trees and Shrubs  
Hardy Ferns and Flowers  
Bog Plants and Orchids

**EDWARD GILLETT**

Southwick, Mass., U. S. A.

# Edward Gillett's Wholesale Trade-List

SOUTHWICK, MASS., U. S. A.

## LOCATION.

I am situated on the line of the New Haven & Northampton division of the N. Y., N. H. & H. R. R., 5 miles south of Westfield, Mass., junction of the Boston & Albany R. R.; 100 miles west of Boston, and 100 miles north of New York.

Goods by express reach New York or Boston within five hours after shipment, and the cost of carriage to all points from here is comparatively light. Freight goes through to New York without change.

## TERMS.

Prices are in American money. Six at dozen rates, 50 at 100 rates, 500 at 1,000 rates. Packing at cost.

One dollar is equal in value to a trifle more than four English shillings, four German marks, or five francs.

All bills will be due upon receipt of goods, unless by special agreements. Unknown parties should give good references.

Remit by draft on New York, or by Post Office Order on Southwick, Mass. *Foreign Remittances by International Post Office Orders on Westfield, Mass.*

The packing season commences as soon as the plants can be got at in spring, about April 10, and lasts about six weeks, and in autumn as soon as the plants are ripe, mostly from September until December.

Address all communications to

**EDWARD GILLETT,**

## Massachusetts Agricultural College

HATCH EXPERIMENT STATION, AMHERST, MASS.

To whom it may Concern:

THIS IS TO CERTIFY, That I have, this 3d day of September, 1901, completed the inspection of the nursery stock of EDWARD GILLETT, grown at Southwick, State of Massachusetts, and find it to be apparently free from the San José scale and other injurious insects and diseases which might be transferred on nursery stock from the nursery to the orchard or garden.

This certificate is good until July 1, 1902.

(Signed)

H. T. FERNALD, *Inspector.*

<b>MENISPERMUM Canadense</b> (Canadian Moonseed). Coll.	1 00	4 00	
<b>RUBUS hispidus</b> (Running Swamp Blackberry). Coll.....	50	2 00	10 00
<i>Canadensis</i> (Low Blackberry). Fine fruit. Coll.	75	3 00	

## Herbaceous Perennials

For the most part in the following list of Hardy Herbaceous Perennials, I offer nursery-grown plants. Yet some of the North American Wild Flowers are collected in their native habitat; they are, as a rule, easily transplanted.

Collected stock is marked Coll. 1 yr.—1 year in nursery.

	12	100	1,000
<b>ACHILLEA millefolium roseum</b> .....	\$0 50	\$3 00	
The Pearl. Pure white.....	75	4 00	
<b>ACTÆA alba</b> (White Baneberry). Coll.....	75	4 00	
<i>rubra</i> (Red Baneberry). Nice plants. Coll....	75	4 00	
<b>ALYSSUM rostratum.</b> 2 yrs. Yellow; June.....	1 00	5 00	
<b>saxatile compactum</b> —			
1 yr.....	50	3 00

### "MIELLEZ'S REVELATION" IN LILY-OF-THE-VALLEY

It is of extraordinary size and vigor, of the most exquisite fragrance, and does well under all conditions and in all sorts of soils, growing just as well in full sun as partial shade. It is extremely hardy, and while not increasing quite as fast as the common kinds, is still of good increase. It is well to cover it in December with a good coat of barnyard manure—cow or horse—green is just as good as old. Leave it in the spring to serve as mulch. The Massachusetts Horticultural Society awarded it a "First Class Certificate of Merit" on May 22, 1897. \$1 per dozen, \$5 per 100.

<i>tridentata</i> . ....	1 00		
<i>Liparis liliifolia</i> . 4 in. Purplish flowers; moist shades..	75	4 00	
<i>Læselii</i> . Flowers greenish yellow; wet soils .....	75	4 00	
<i>Listera convallarioides</i> . Rare.....	1 00	4 00	
<i>cordata</i> .....	1 00	4 00	
<i>Orchis spectabilis</i> (Showy Orchid). Pink-purple flowers..	1 00	5 00	
<i>Pogonia ophioglossoides</i> . A bog plant with pale rose flowers .....	75	4 00	15 00
<i>Spiranthes cernua</i> (Ladies' Tresses). Flowers white.....	50	3 00	
<i>Romanzoviana</i> .....	1 00		

## Ferns

The Ferns of New England are among the most charming of our *hardy perennials*. They are so easily grown that every park or yard may have them. If you wish to beautify a dark nook shut in by buildings or trees where flowers will not thrive, try a few ferns, and note the change. You can select from my list of about 40 kinds those suited for almost any situation that will sustain plant life.

	12	100	1,000
<i>Adiantum pedatum</i> (Maidenhair). Graceful; clumps....	\$0 75	\$4 00	\$25 00
<i>Aspidium acrostichoides</i> (Christmas Fern). Evergreen....	50	3 00	15 00
<i>acutatum</i> , var. <i>Braunii</i> . Evergreen. 1 to 2 ft..	1 25	6 00	
<i>Boottii</i> . Intermediate between <i>A. cristatum</i> and <i>A. spinulosum</i> .....	1 25	6 00	
<i>cristatum</i> . A low evergreen; moist shades....	75	4 00	
<i>cristatum</i> , var. <i>Clintonianum</i> . Much larger....	1 00	5 00	
<i>Filix-mas</i> (Male Fern). Beautiful and rare....	1 25	7 00	
<i>Goldianum</i> . Broad, light green fronds. 2 to 4 ft.	1 25	7 00	

	12	100	1,000
<b>Aspidium marginale.</b> Dark evergreen; rocky places.....	\$0 75	\$3 00	\$15 00
<b>munitum.</b> An evergreen from Oregon.....	1 50	7 00	
<b>Noveboracense.</b> Moist, shady places.....	75	4 00	15 00
<b>spinulosum.</b> A finely cut evergreen.....	75	4 00	20 00
<b>spinulosum, var. dilatatum.</b> Broad fronds... ..	1 25	7 00	
<b>Thelypteris.</b> Wet, open places. 1 ft.....	75	4 00	15 00
<b>Asplenium angustifolium.</b> Rich shades. 1 to 3 ft.....	1 00	4 00	
<b>ebeneum.</b> Rocky places; dark stripes. 6 to 12 in. ....	50	3 00	15 00
<b>Filix-fœmina.</b> Fine tall fern; easily grown..	75	4 00	15 00
<b>Ruta-muraria.</b> Limestone cliffs .....	1 25		
<b>thelypteroides</b> .....	75	4 00	
<b>Trichomanes.</b> Evergreen; in tufts. 3 to 6 in.	50	3 00	15 00
<b>Botrychium ternatum dissectum.</b> Fine cut leaves. Coll.	75	4 00	
<b>ternatum obliquum.</b> Oblique-Leaved. Coll.	75	4 00	
<b>Virginicum.</b> Light green; shades. 6 to 12 in.	75	4 00	
<b>Camptosorus rhizophyllus</b> (Walking Leaf). Fine .....	50	3 00	15 00
<b>Cheilanthes vestata.</b> Evergreen. South. 2 to 12 in. ..	1 00	4 00	
<b>Cryptogramma acrostichoides.</b> Fine clumps. 4 to 8 in..	1 25	5 00	
<b>Cystopteris bulbifera.</b> Bright green fern; moist soil ....	50	3 00	
<b>fragilis.</b> Finely cut fronds; rocks.....	50	3 00	15 00
<b>Dicksonia punctilobula.</b> Forms large patches; 2 to 3 ft...	75	3 00	12 00
<b>Lygodium palmatum</b> (Climbing Fern). Climbing over bushes. 1 to 3 ft. Coll.....	1 25	5 00	
<b>Onoclea sensibilis</b> (Sensitive Fern). Wet soils. 1 to 2 ft.	50	3 00	15 00
<b>struthiopteris</b> (Ostrich Fern). Fine. 1 to 6 ft. ..	1 25	6 00	35 00
<b>Ophioglossum vulgatum</b> (Adder's Tongue). Coll.....	75	4 00	
<b>Osmunda gracilis</b> (Flowering Fern). Large plants. Coll.	1 25	6 00	
<b>Claytoniana.</b> Large clumps. 1 to 5 ft. Coll... ..	1 25	6 00	
<b>cinnamomea</b> (Cinnamon Fern). 1 to 6 ft. Coll. ....	1 25	6 00	
<b>Pellæa atropurpurea</b> (Cliff Brake). Dry cliffs. Coll. ....	1 00	5 00	
<b>densa</b> (Oregon Cliff Brake). Clumps. Coll.....	1 00	5 00	
<b>gracilis.</b> Fine for rock garden. 2 to 6 in. ....	1 00	5 00	
<b>Phegopteris Dryopteris</b> (Beech Fern). 6 to 10 in.; neat ..	75	4 00	
<b>hexagonoptera.</b> Broad fronds. 7 to 12 in. ..	75	4 00	
<b>polypodoides.</b> Smaller and darker. 4 to 8 in. ....	75	4 00

# SPECIAL COLLECTION OF FERNS

The following collection of Ferns are made up to help in selecting for special wants, and should go by express or freight.

## No. 1.—(\$3.00) For Open Sun Culture.

This collection is desirable for the open border and, all being rather tall, can be grown as single specimens or for massing with or without flowers.

- |                                   |                                    |
|-----------------------------------|------------------------------------|
| 6 <i>Onoclea struthiopteris</i> , | 24 <i>Dicksonia punctilobula</i> , |
| 6 <i>Osmunda Claytoniana</i> ,    | 6 <i>Lygodium palmatum</i> .       |

## No. 2.—(\$3.00) For Dry, Shady Places.

These Ferns will grow in a dry, shady place. Plant them where flowers as a rule do not thrive.

- |                                     |                                    |
|-------------------------------------|------------------------------------|
| 12 <i>Aspidium acrostichoides</i> , | 12 <i>Dicksonia punctilobula</i> , |
| 12 <i>Aspidium marginale</i> ,      | 12 <i>Osmunda Claytoniana</i> .    |

## No. 3.—(\$3.00) For Moist, Shady Places.

This collection is very fine and easily handled in moist, shady places, also for large rockery.

- |                                    |                                      |
|------------------------------------|--------------------------------------|
| 6 <i>Adiantum pedatum</i> ,        | 6 <i>Asplenium thelypteroides</i> ,  |
| 6 <i>Aspidium cristatum</i> ,      | 6 <i>Asplenium Filix-fœmina</i> ,    |
| 6 <i>Aspidium acrostichoides</i> , | 6 <i>Phegopteris hexagonoptera</i> , |
| 6 <i>Aspidium spinulosum</i> ,     | 6 <i>Woodwardia angustifolia</i> .   |
| 6 <i>Aspidium marginale</i> ,      |                                      |

## No. 4.—(\$3.00) For Wet, Open Ground.

These Ferns are very useful for border of a lake or low, wet ground.

- |                                  |                                  |
|----------------------------------|----------------------------------|
| 12 <i>Aspidium Thelypteris</i> , | 12 <i>Osmunda regalis</i> ,      |
| 12 <i>Onoclea sensibilis</i> ,   | 12 <i>Woodwardia Virginica</i> . |

## No. 5.—(\$3.00) Low Evergreen Ferns for Rockery in Shade.

This is a beautiful collection of low-growing Ferns and easily managed.

- |                                      |                                |
|--------------------------------------|--------------------------------|
| 12 <i>Asplenium ebeneum</i> ,        | 12 <i>Polypodium vulgare</i> , |
| 12 <i>Asplenium Trichomanes</i> ,    | 6 <i>Woodsia obtusa</i> .      |
| 12 <i>Comptosorus rhizophyllus</i> , |                                |

## No. 6.—(\$3.00) Low Evergreen Ferns for Dry, Rocky Ledge.,

- |                                   |                                |
|-----------------------------------|--------------------------------|
| 12 <i>Asplenium Trichomanes</i> , | 12 <i>Polypodium vulgare</i> , |
| 12 <i>Cheilanthes vestata</i> ,   | 12 <i>Woodsia Ilvensis</i> .   |

One-Half Any One of the Above Collections for \$1.75.

You will notice that some kinds are named in more than one collection. Such seem to thrive equally well in the localities named.

Address,

**EDWARD GILLETT,**

Southwick, Mass., U. S. A.
